Demographics

Gender

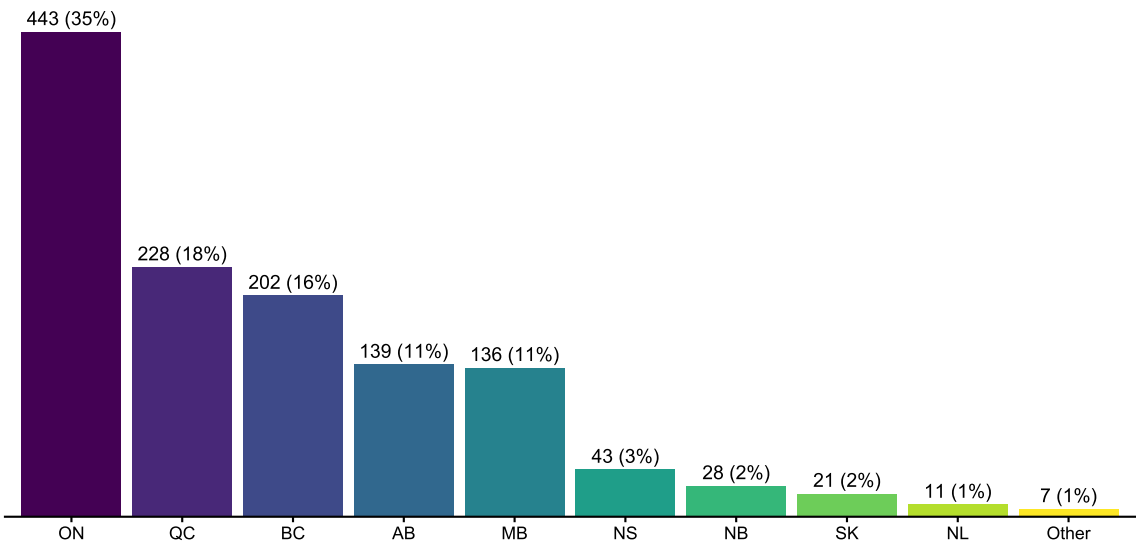

Age

Location

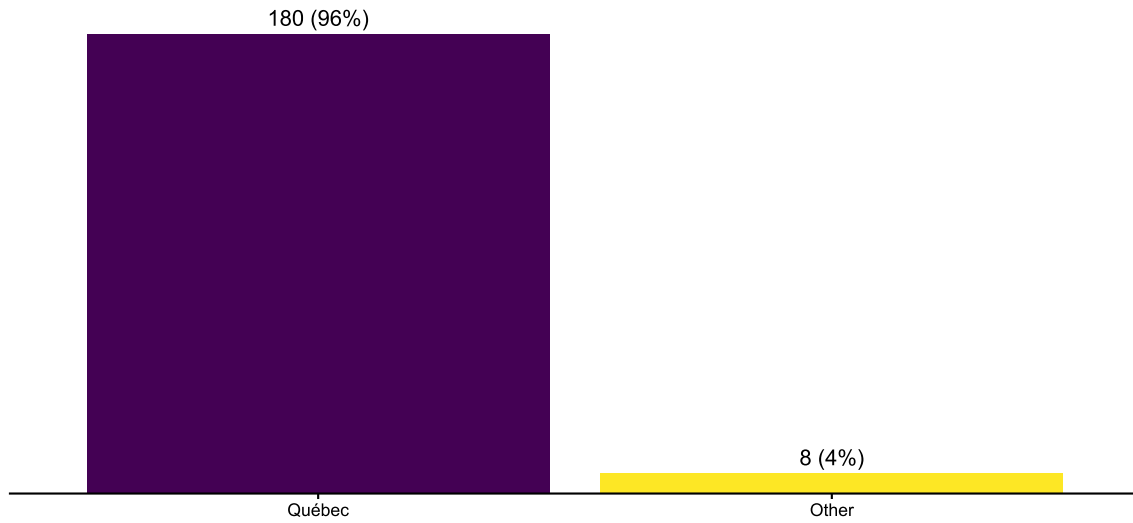

1

In what province or territory is your work primarily based?
n = 1258

In what province or territory do you live most of the time?

n = 188

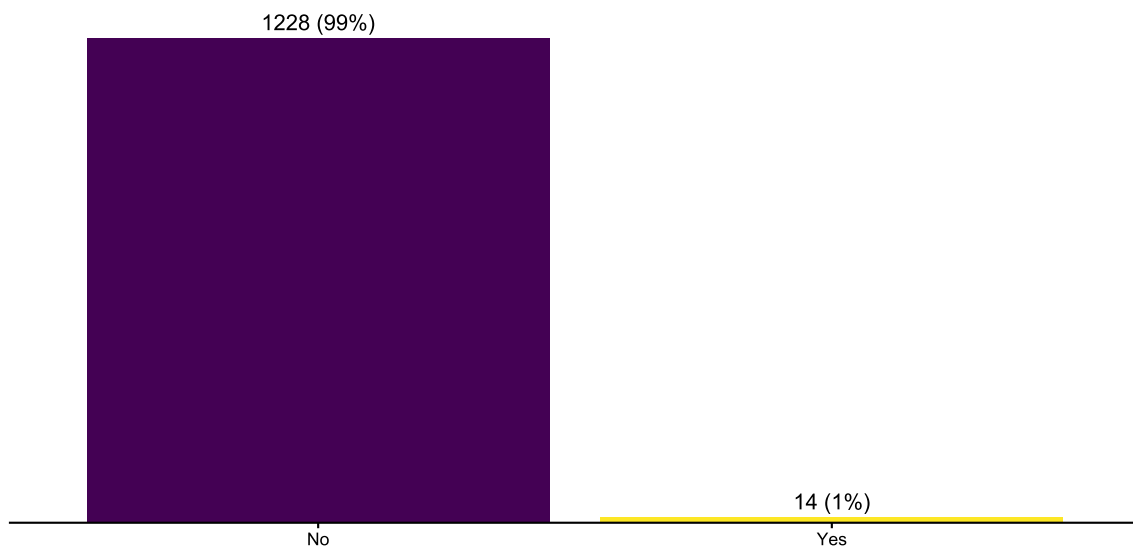

Note: This question was introduced in the French translation of the survey.

Indigenous

Do you identify as Indigenous (First Nations, Métis, Inuit)?

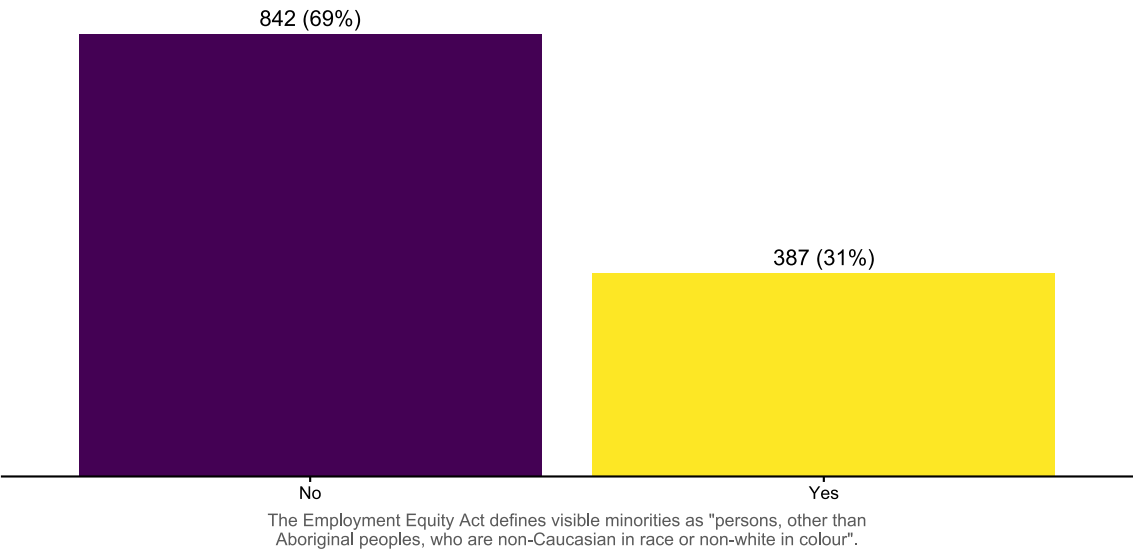

n = 1242

Minority

1

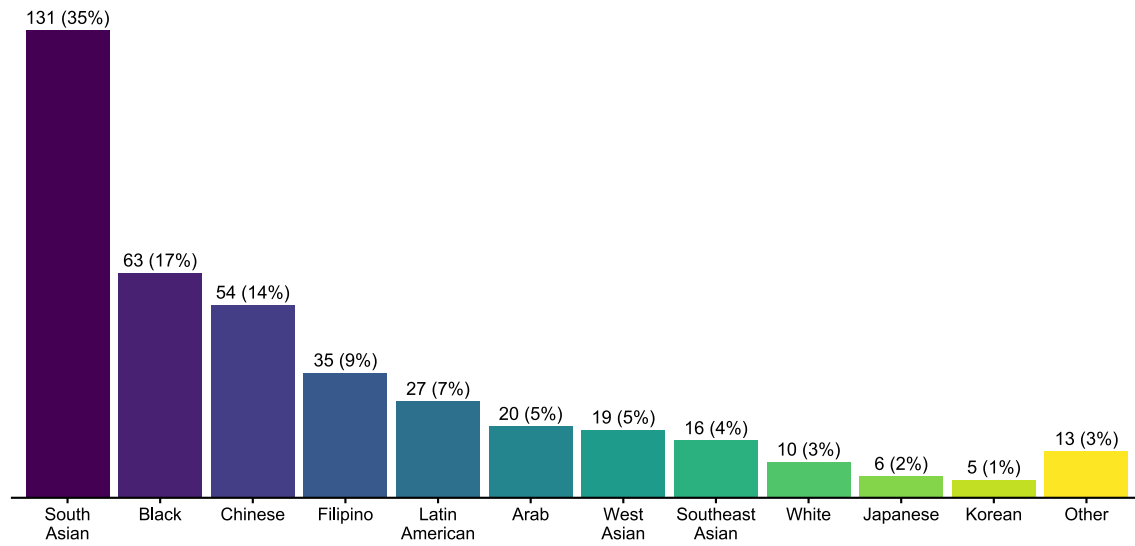

Do you identify as a member of a visible minority in Canada?
n = 1229

2

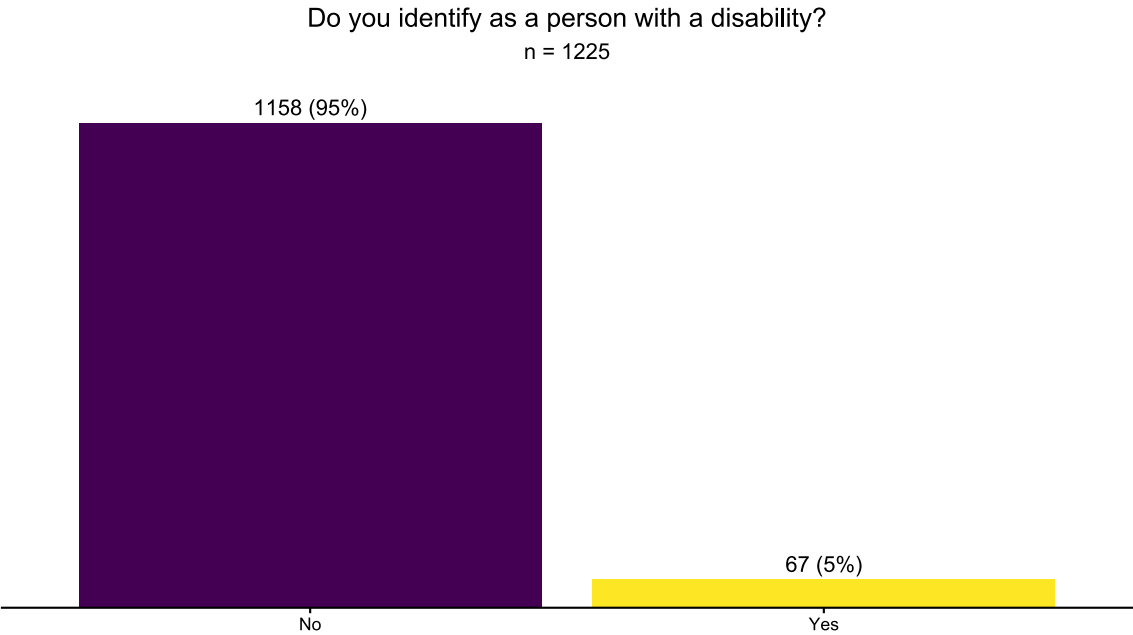

Which population group(s) do you identify with?

n = 374

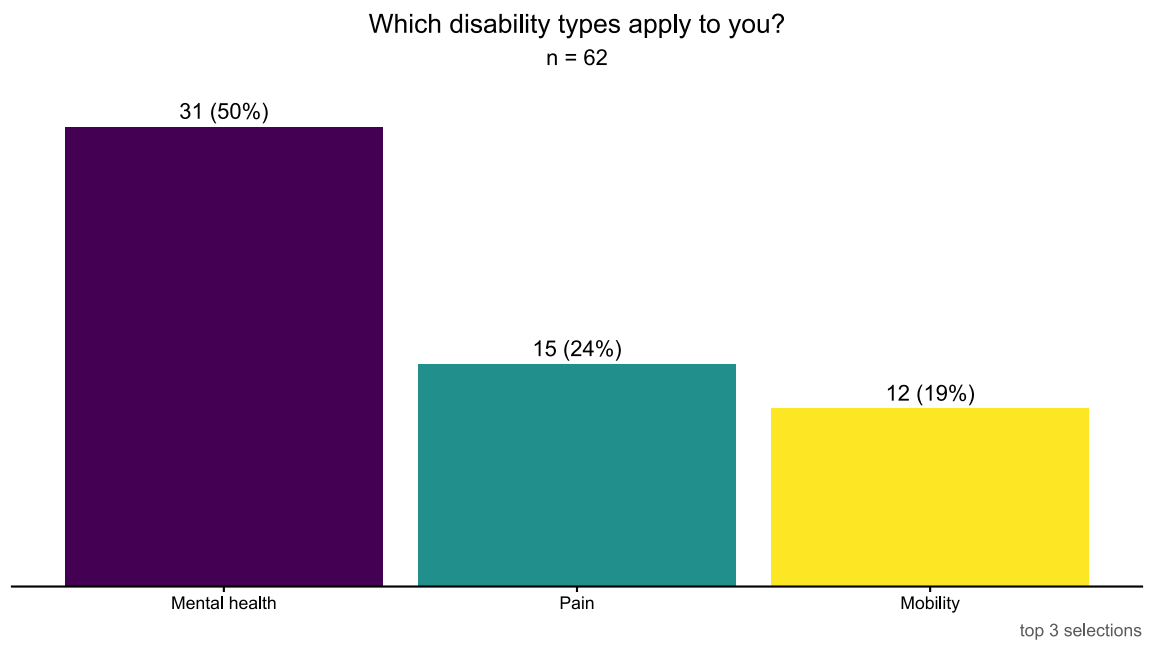

Disability

1

2

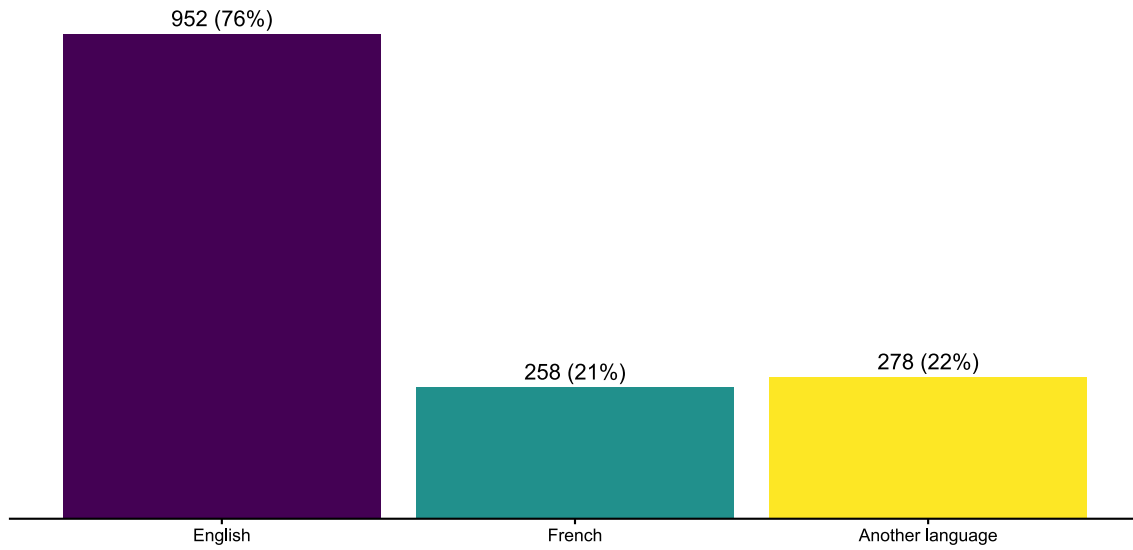

Language

1

What language(s) do you speak most often at home?

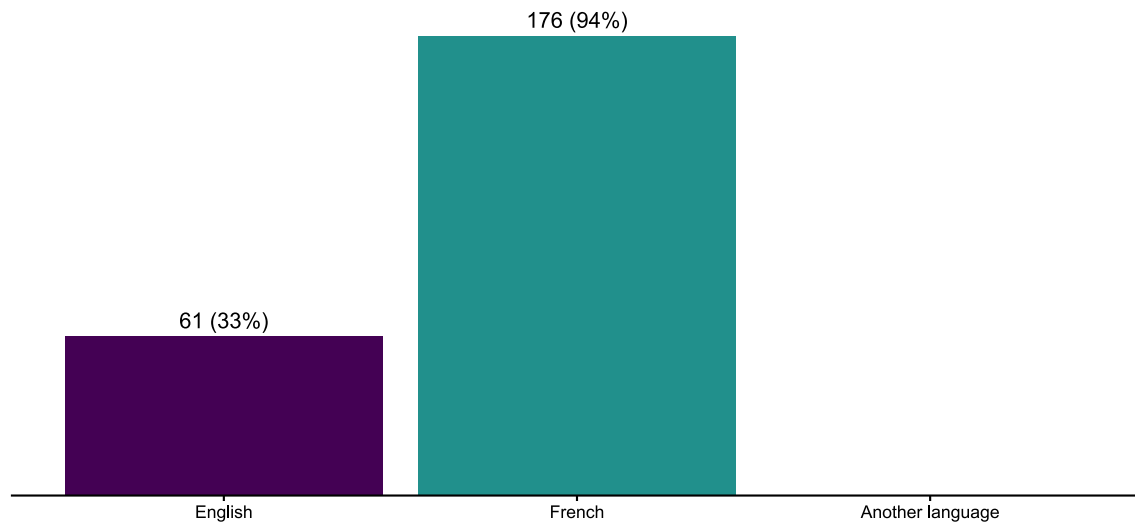

n = 1253

2

What language(s) do you speak at work?

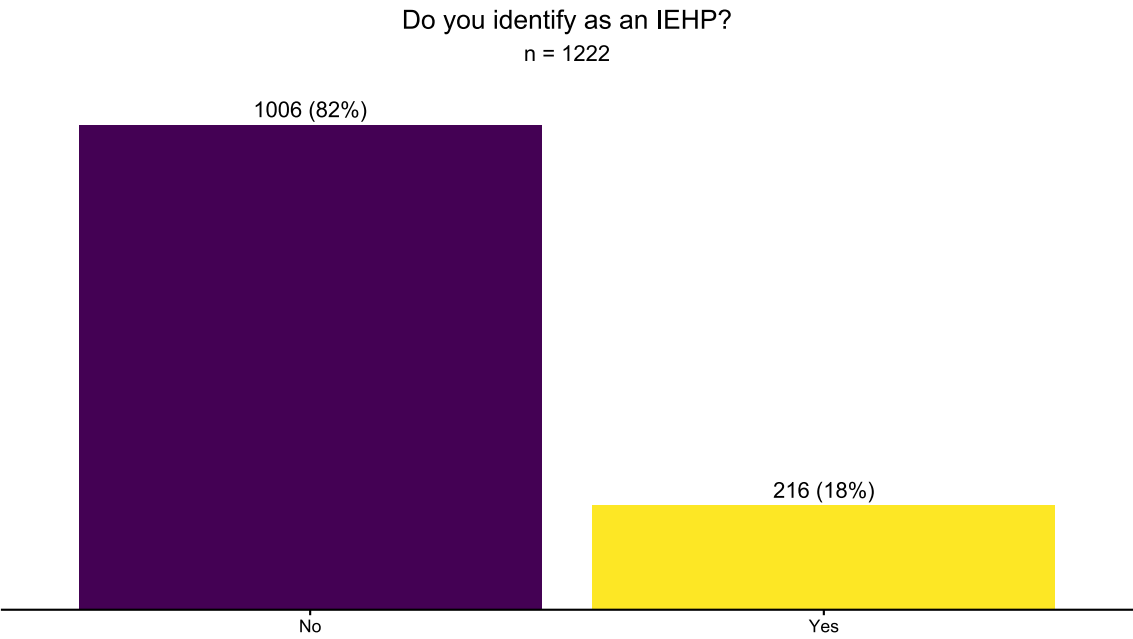

n = 187

Note: This question was introduced in the French translation of the survey.

Education

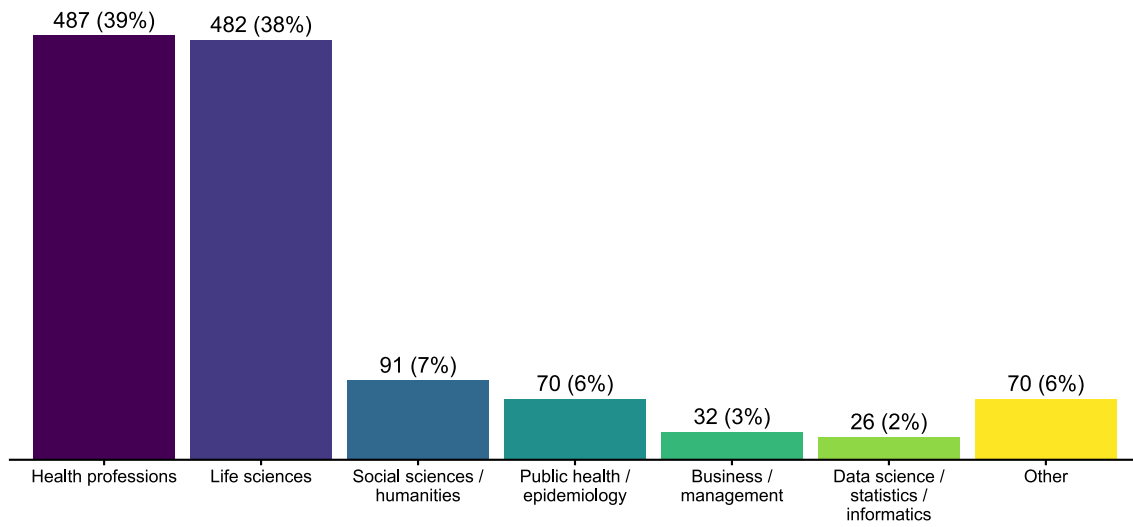

1

2

What was your primary field of education
when you entered Clinical Research?

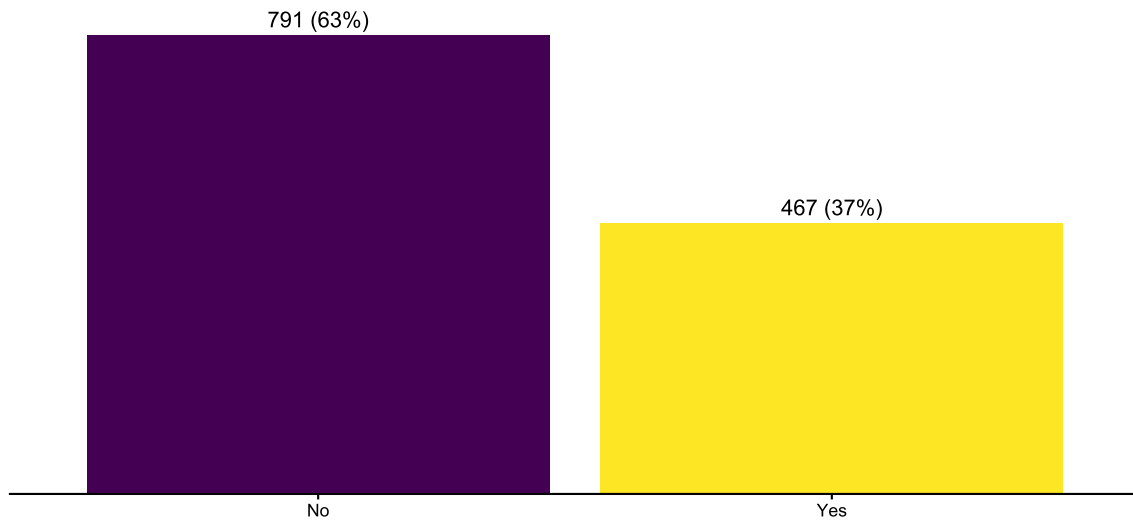

n = 1258

3

Have you completed a post-graduate diploma,
certificate, or degree in Clinical Research?

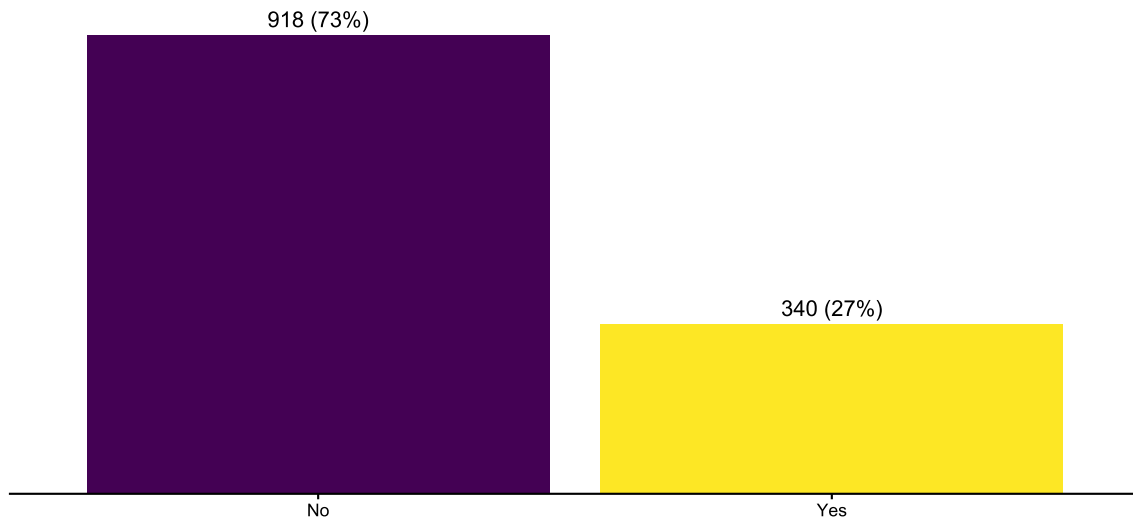

n = 1258

4

Do you currently hold any professional certifications
related to Clinical Research?

n = 1258

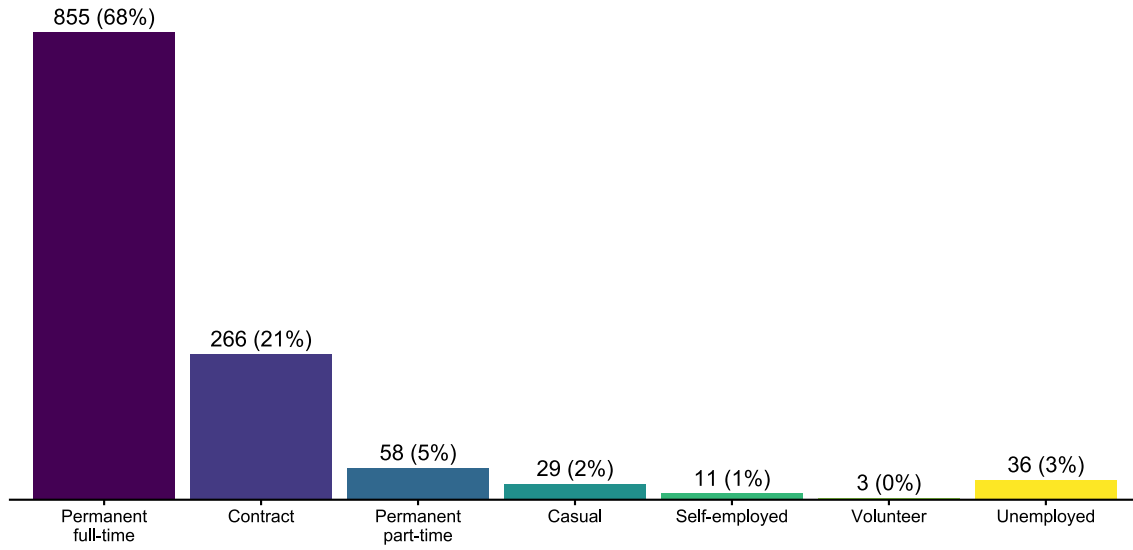

Employment

1

What is your primary employment type?

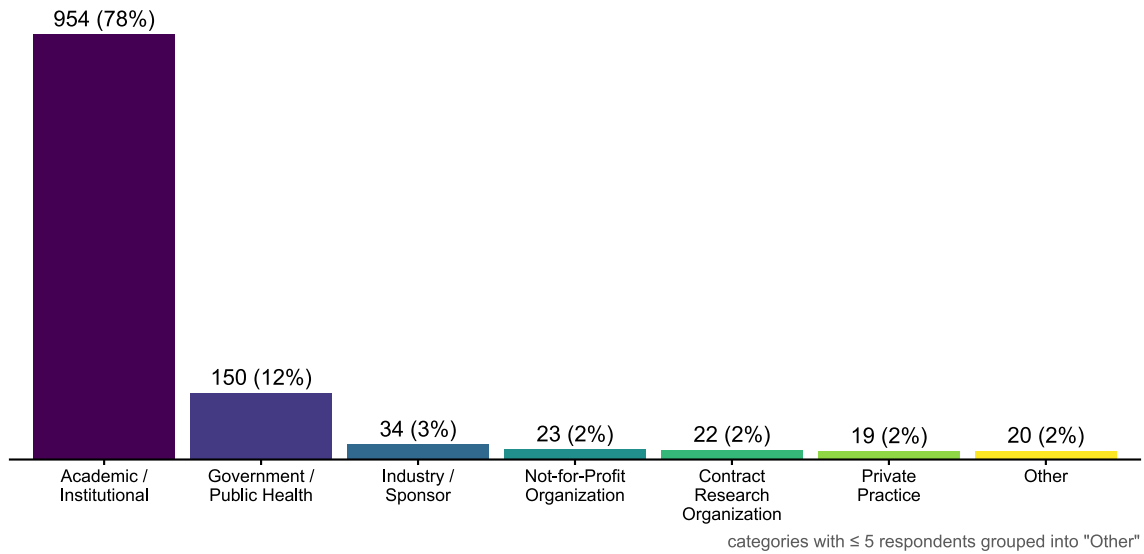

n = 1258

2

Which sector best describes your primary employer?

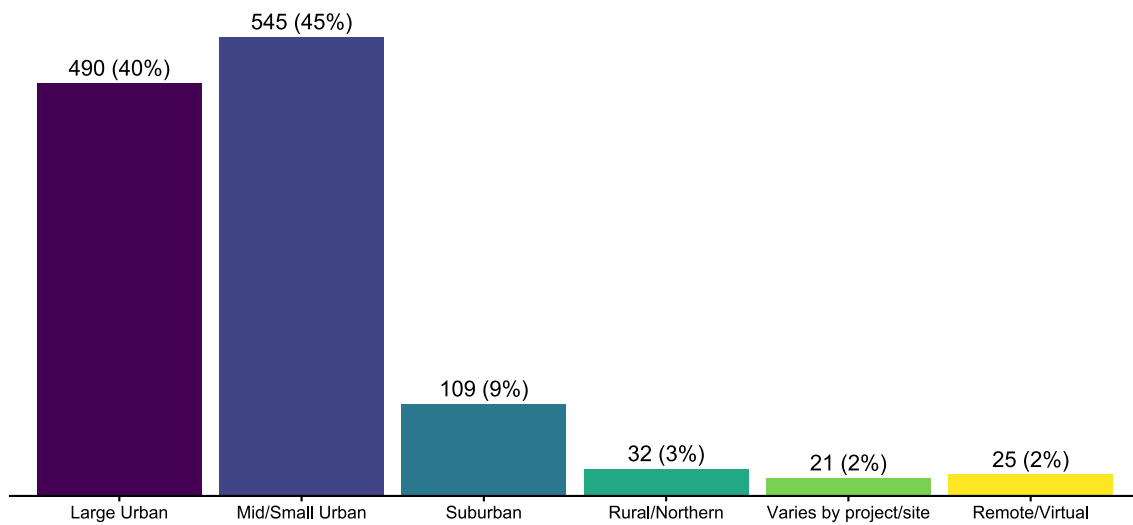

n = 1222

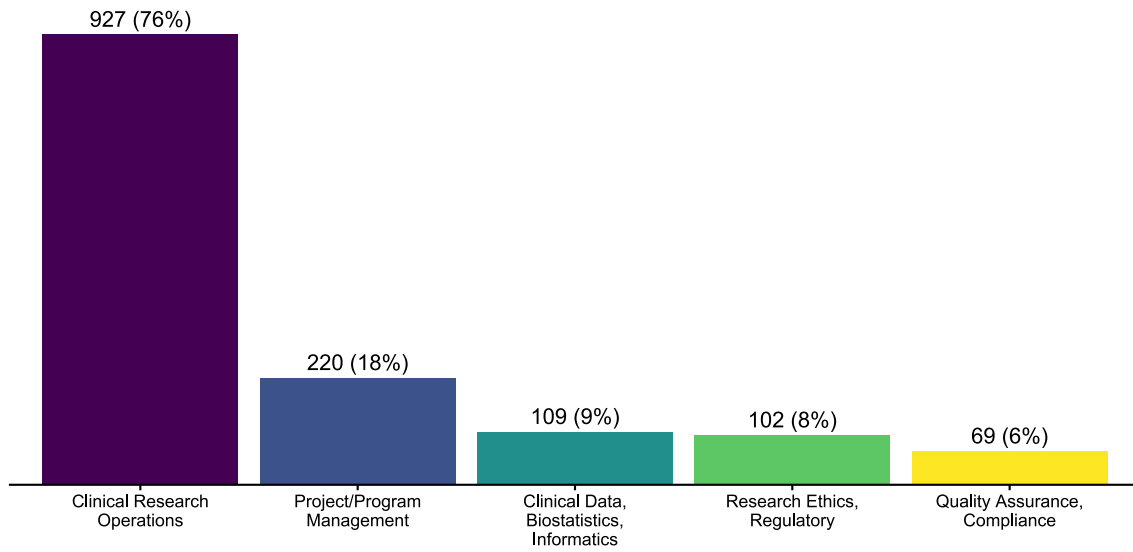

3

Which best describes the type of community where your work is primarily based?

n = 1222

Which of these best describe(s) your role?
n = 1222

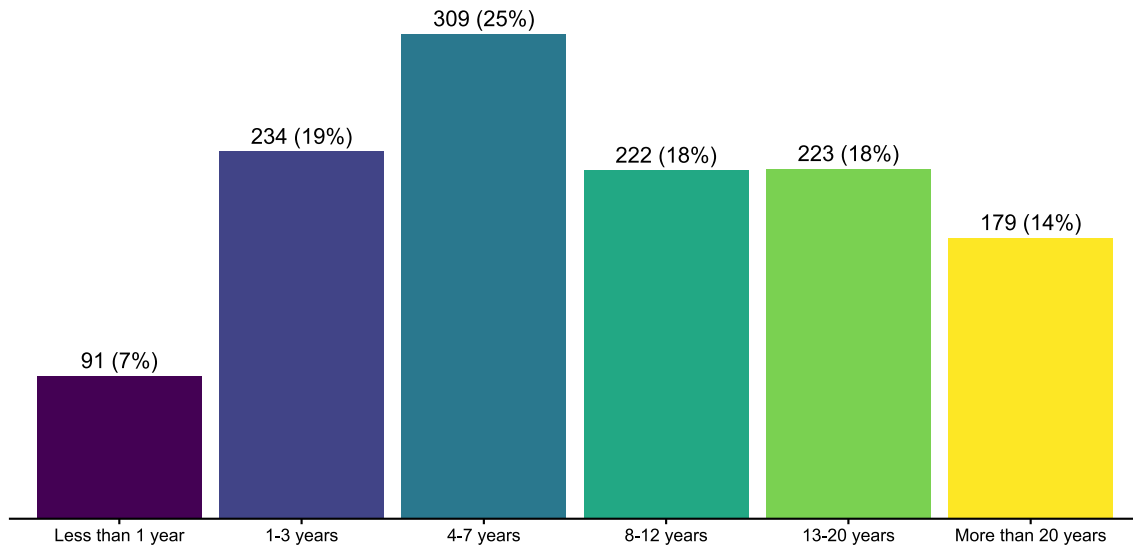

Experience

1

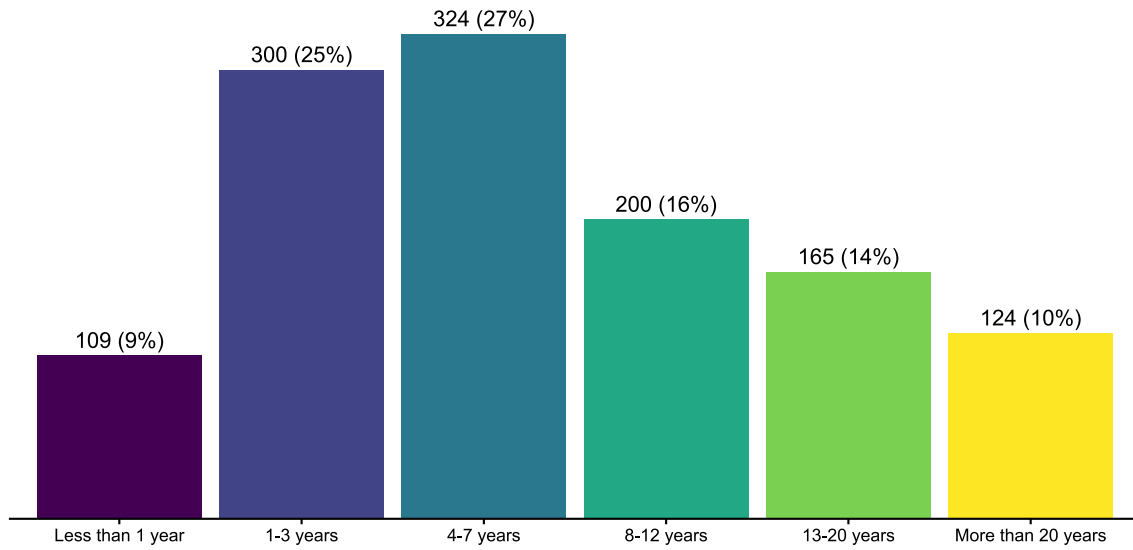

How many total years have you worked in Clinical Research?

n = 1258

How many years have you worked at your current organization?

n = 1222

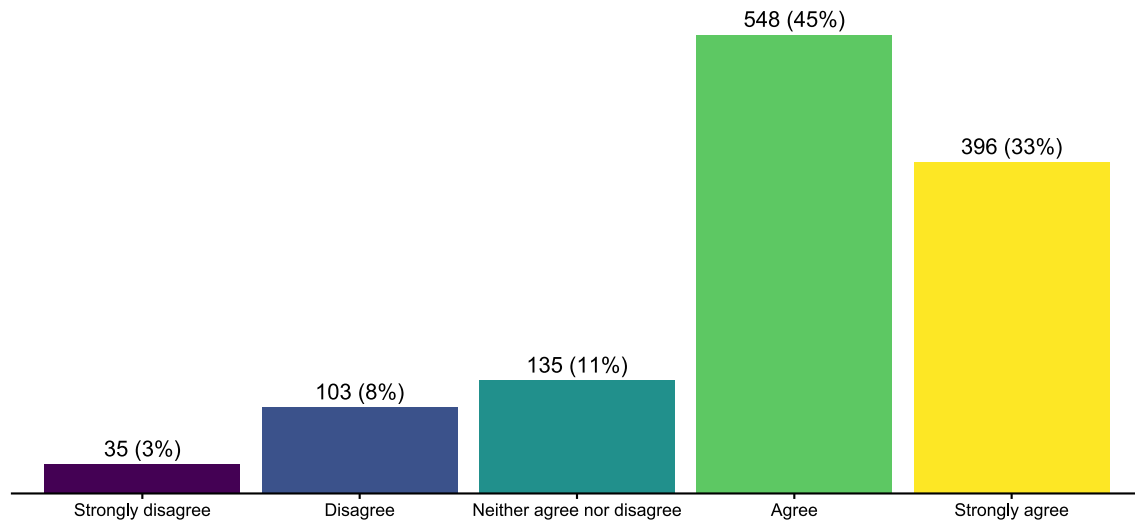

Perspectives

Role context

1

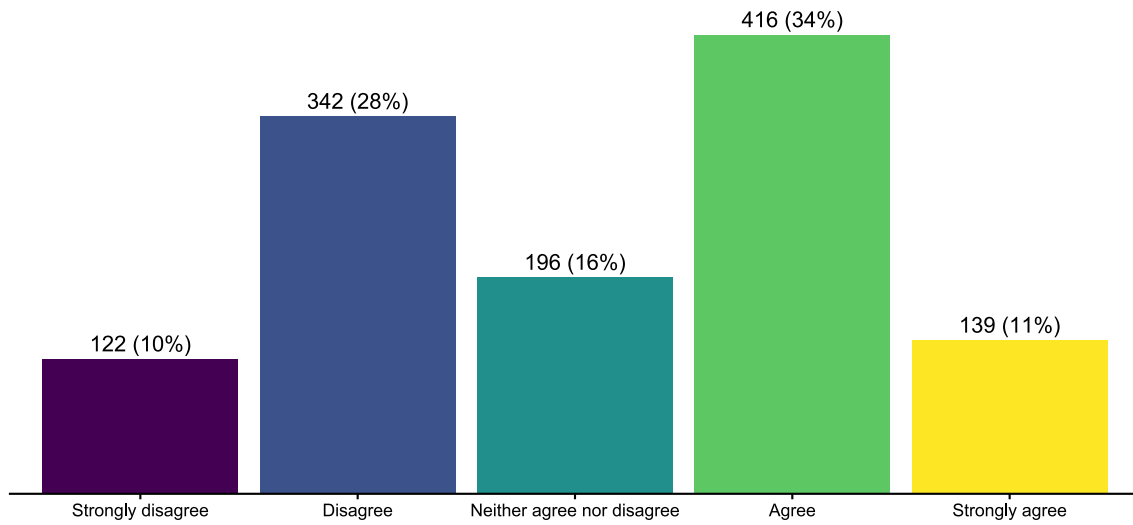

My current job responsibilities are a strong match for
my professional training and level of experience.
n = 1217

2

I feel that my current compensation (salary and benefits) is fair and appropriate for my role, responsibilities, and experience.

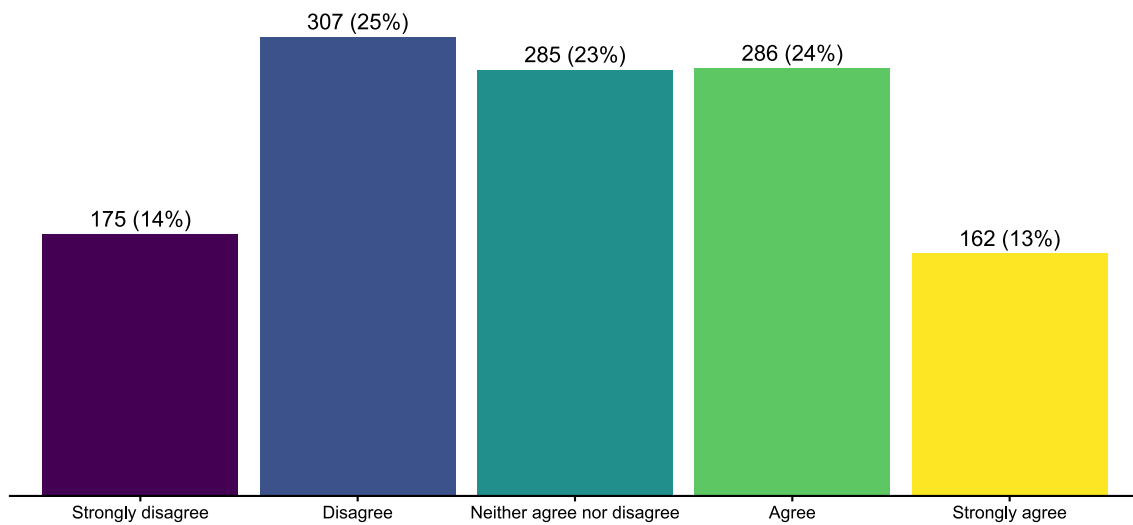

n = 1215

3

I am routinely required to work beyond my contracted hours to keep studies on track.

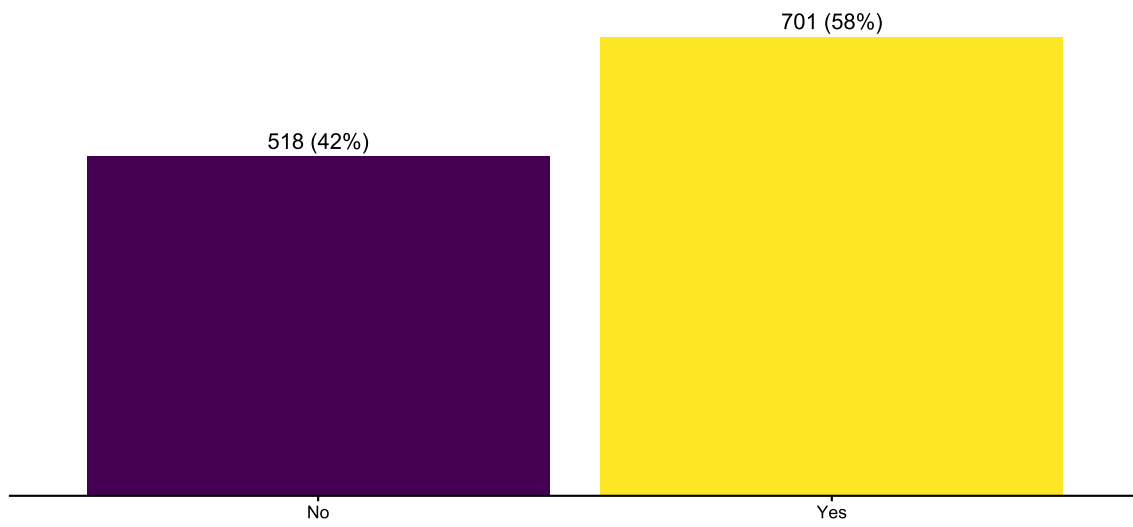

n = 1215

4

Over the last 2 years, the complexity of
my role has increased significantly.

n = 1219

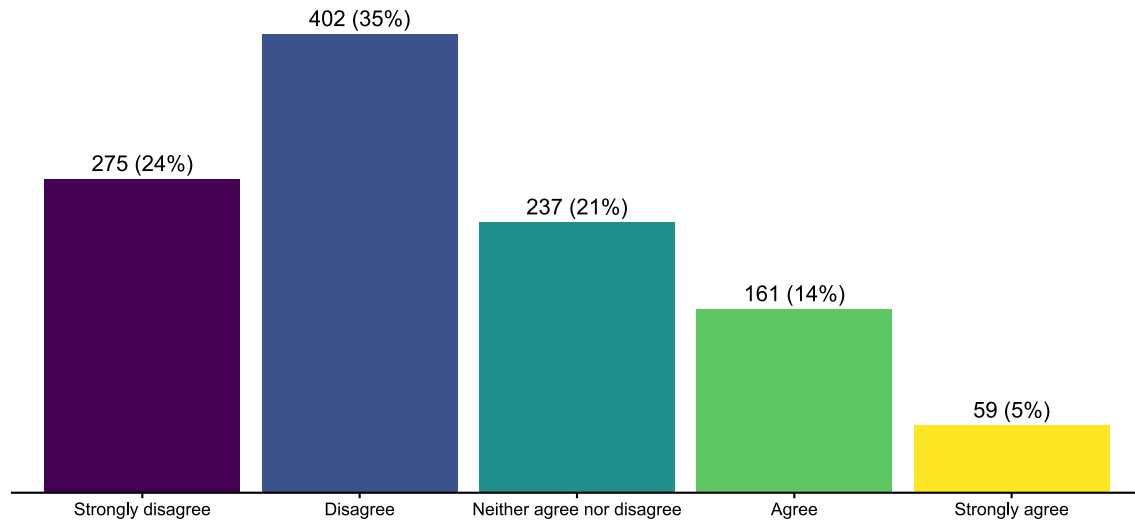

Career advancement

1

My organization provides a clear, documented career ladder that shows how I can progress from my current role to more senior positions.

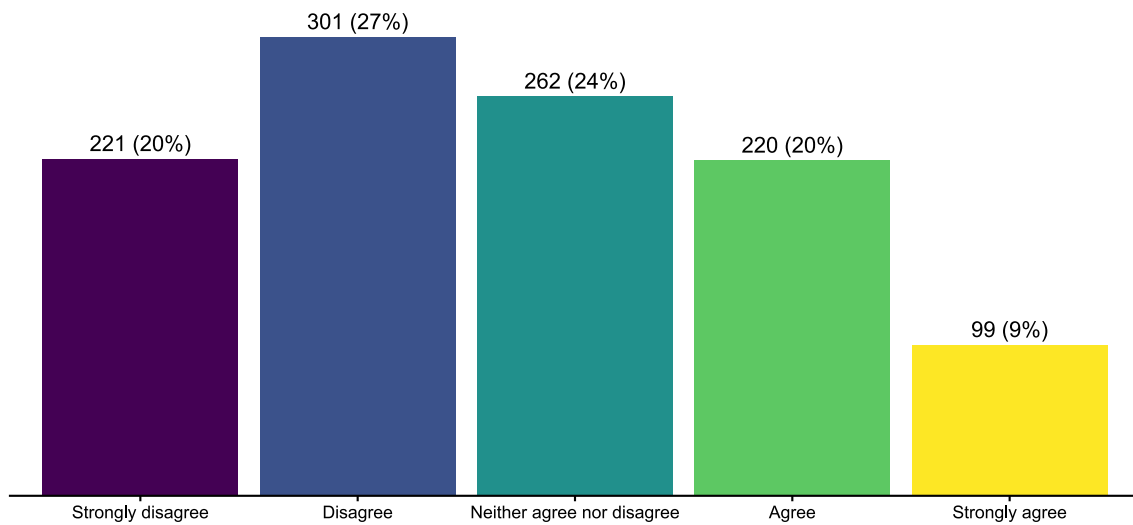

n = 1134

2

My organization provides tangible support for obtaining and maintaining professional certifications like SOCRA or ACRP.

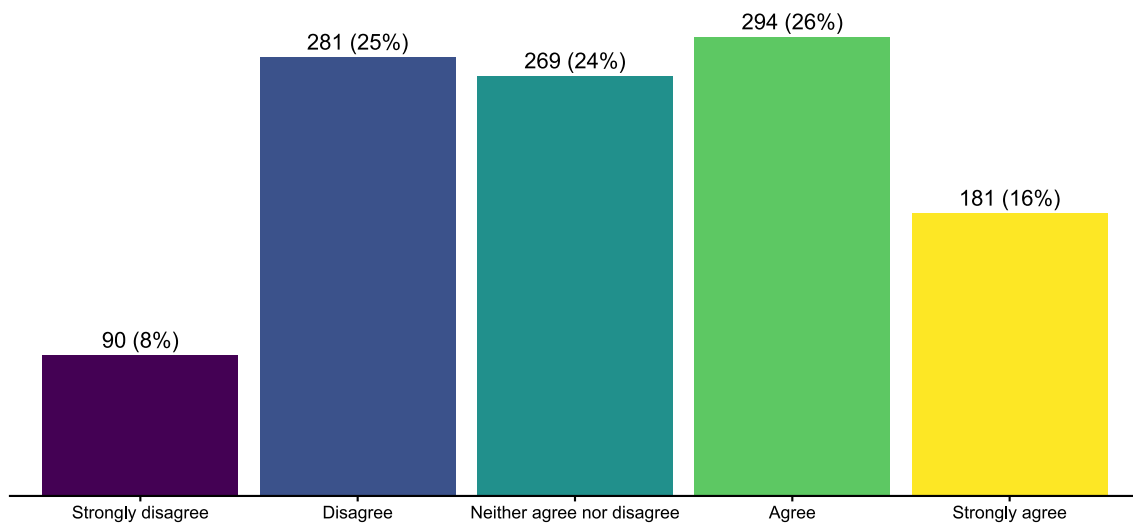

n = 1103

3

I am unable to pursue externally available research training opportunities because my daily workload does not allow for protected time during work hours.

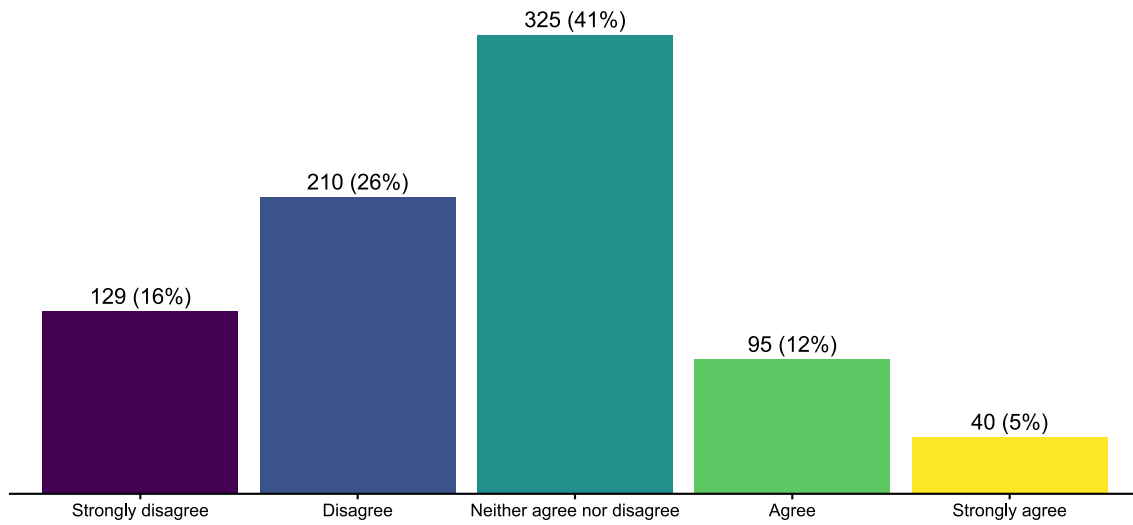

n = 1115

4

Holding a formal credential (e.g., CCRP, CCRC) has led to tangible benefits in my career, such as higher pay, promotion, or increased professional recognition.

n = 799

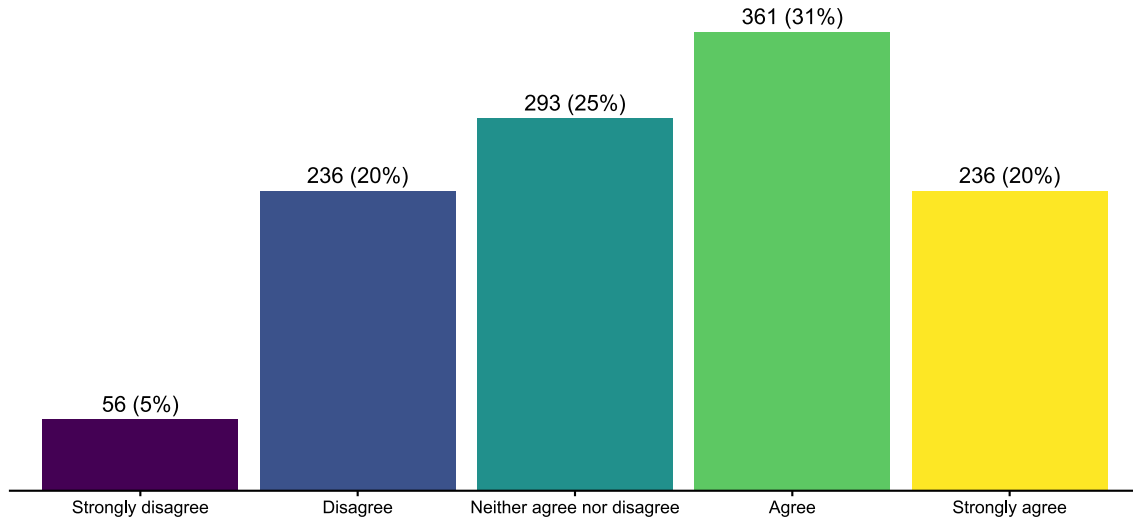

Team capacity

1

I feel that our team is currently operating at or above maximum capacity, preventing us from taking on additional high-quality research opportunities.

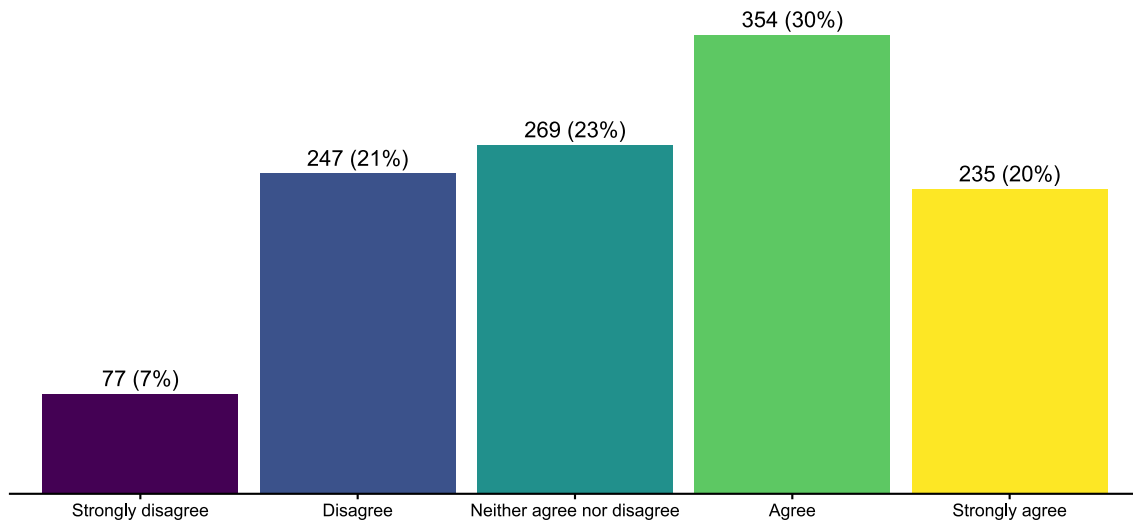

n = 1182

2

In the last year, I have observed our team struggle to meet study start-up timelines or protocol requirements due to a lack of available staff.

n = 1182

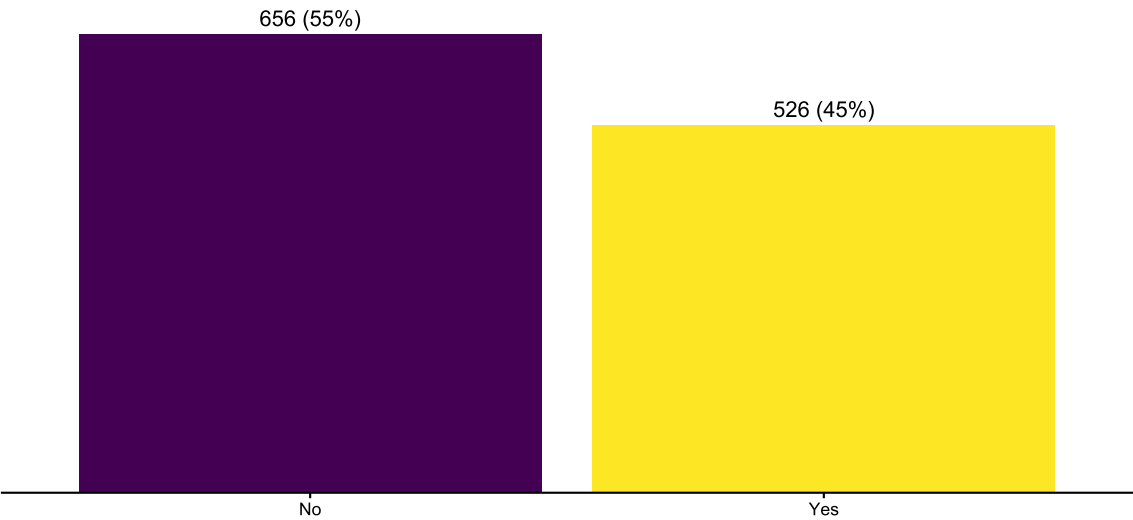

Job change

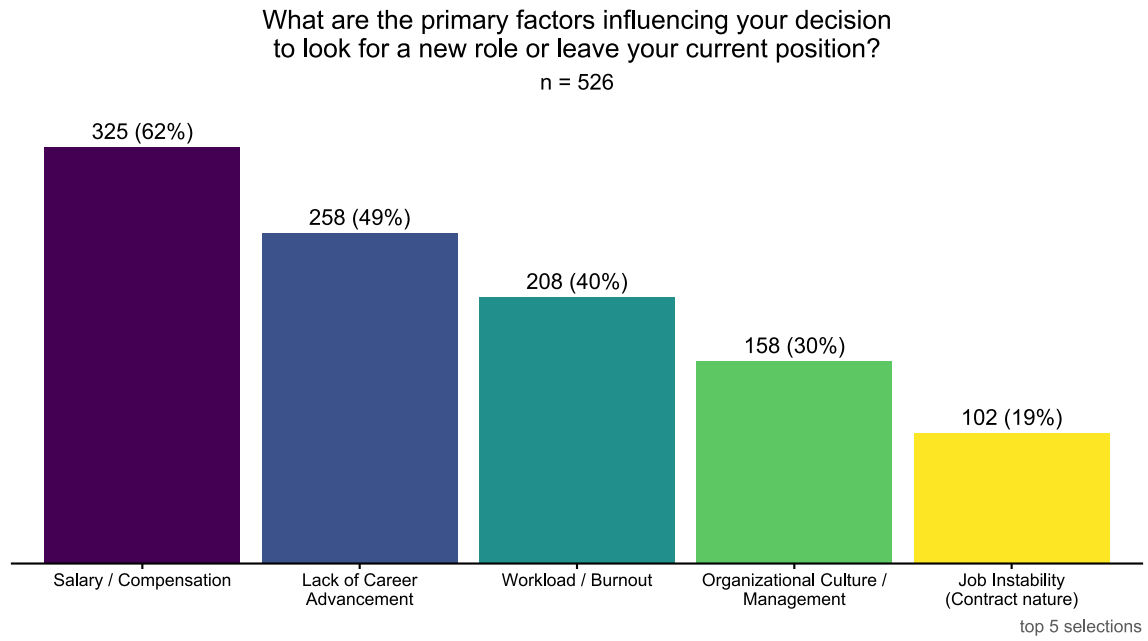

1

In the last 6 months, I have actively looked for a new role or considered leaving my current position.

n = 1182

2

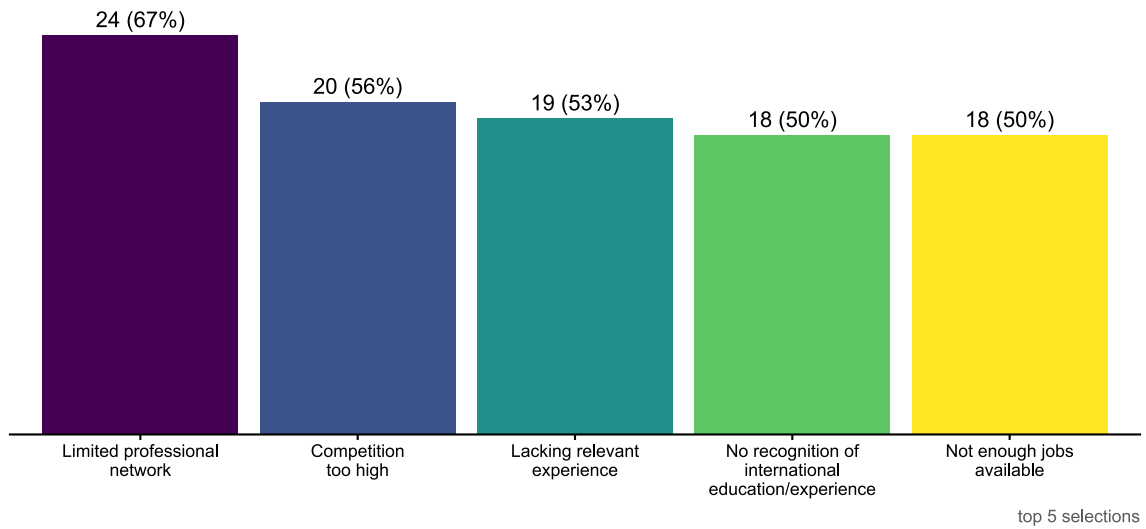

Unemployed

1

What have been the biggest challenges in your
job search for Clinical Research roles?

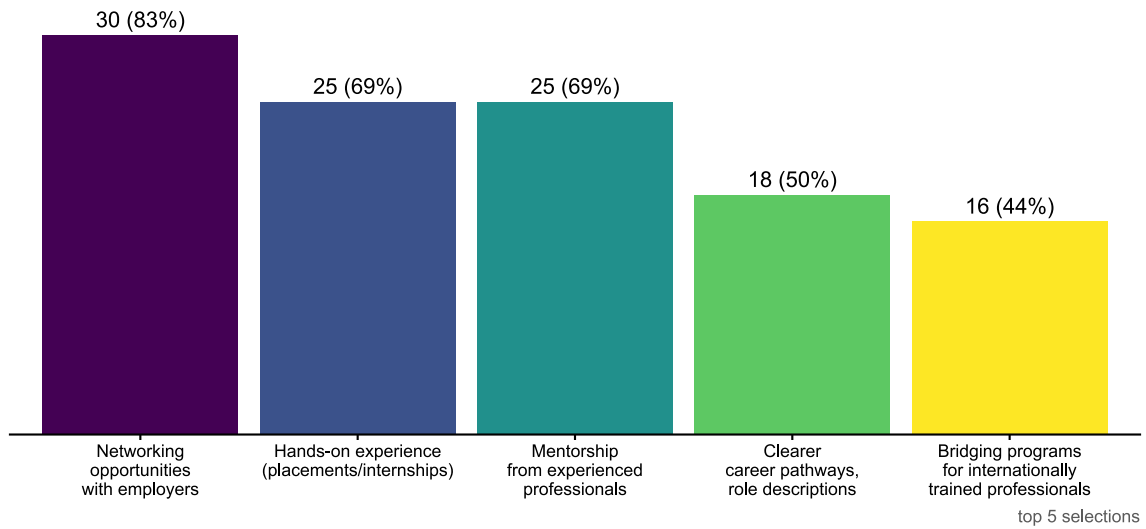

n = 36

2

What type of training or support do you feel is missing to help you become job-ready for Clinical Research roles?

n = 36

3

How long have you been actively looking for a job in Clinical Research?

n = 31
